## TROPHY JACKETS SS16's winning pieces.

Say hello to your wardrobe's hardest working piece: the trophy jacket. Fringing, embroidery and a rainbow palette imbue these classic cuts with statement status and give them the power to transform even the simplest of looks.

### FRINGE BENEFITS

All-over fringing is knitwear visionary Tim Ryan's **stunning** signature. **This season** he's dipped his slinky strands, arranged in chevron stripes, in rainbow neon to really dial up the drama.

### THE BIKER REBORN

The suede biker jacket, in versatile tan, gets the Mira Mikati treatment. **That** means proportions (the higher hem and sleeves) are as playful as the vivid cartoon patches illustrating it.

### TRENCH TRANSFORMATION

Swapping a traditional trench for Vivetta's sweetly surreal one is a no brainer. The flattering fit is coloured cornflower blue with exaggerated lapels and crochet flowers blossoming prettily down the sleeves.

### STATUS FAUX

Candy girls rejoice, Charlotte Simone's debut jacket collection stars this fluffy pink number, which exudes the same cool-girl charm as her signature scarves.
